QRZ FROM WARS

The WELLESLEY AMATEUR RADIO SOCIETY will hold the fourth meeting of its 15th year on Tuesday, December 6th, at 7:30 p.m. The Club Room is located in the basement of the Wellesley Hills Branch Library, located at the Northeast Corner of the intersection of Routes 16 and 9 (210 Washington Street). Entrance is in the rear.

The meeting will be devoted to a general discussion of plans and policies for the rest of the year. Since there are many new Club members, we are asking for your ideas for interesting projects. Possible topics for discussion might include:

1. Assistance for the preparation for Novice and General tickets.
2. Gear for the building of a Club Station.
3. Discussion of current DX contacts either CW, AM, or SSB.
4. Trip to the Providence Radio Club, QSL Bureau.
5. Anything else.

Frankly, fellows and gals, this is your Club, and we would like your ideas.

Walt. Lenk K1YTY
Secretary

Nota Bene:

For the January meeting, Mr. Darlo Botha, Communications Engineer for the Mitre Corporation, will speak on Tropospheric Propagation in the VHF and UHF bands.

PLEASE DISCUSS OUR CLUB ACTIVITIES ON THE AIR.
